Each year, Dr. Christie Wilson hosts this FREE summit in August to "Educate, Equip, and Empower" young adults and parents across the country, by providing up-to-date career, college, and funding strategies and resources. In today's climate, this summit is even more critical, as communities seek information from trusted sources.

Our goal is to prepare young adults for future college, career, and funding opportunities. Our focus is also to provide educational awareness and financial resources to help scholars achieve a debt-free career and college education.
